### Bureau of Land Management

[OR-015-95-1610-00: G5-063]

#### Proposed Perlite Mining Operation, Lake County, Oregon; Intent to Prepare an Environmental Impact Statement

**AGENCY:** Bureau of Land Management  
(BLM), DOI.

**ACTION:** Notice of Intent to prepare an  
Environmental Impact Statement (EIS)  
for a proposed mining operation.

**SUMMARY:** The Lakeview District is  
initiating the EIS process to analyze the  
potential environmental impacts of a  
proposed perlite mining operation in  
Lake County, Oregon. Atlas Perlite, Inc.  
is proposing to develop a 15-20 acre  
quarry and associated waste rock dump  
on Tucker Hill located approximately 35  
northwest of the town of Lakeview,  
Oregon. The ore would be hauled from  
Tucker Hill to Lakeview where it would  
be crushed and transported via rail to  
markets mainly in the northwest. This  
notice has been given so interested or  
affected people may participate and  
contribute to the final decision.

**DATES:** This notice constitutes the  
beginning of the 30-day public scoping  
process. Interested individuals,  
organizations, and other agencies are  
encouraged to review the proposal and  
provide written comments on or before  
March 6, 1995 to the address below.

**ADDRESSES:** Scott Florence, Area  
Manager, Lakeview Resource Area,  
BLM, PO Box 151, Lakeview, OR 97630.

**FOR FURTHER INFORMATION CONTACT:** Ted Davis, Project Coordinator, at address above or telephone (503-947-2177).

**SUPPLEMENTARY INFORMATION:** The BLM will consider issues and concerns identified during the scoping process in the preparation of the draft EIS. The preliminary issues identified include potential impacts to traditional Native American uses of the area, archaeological sites, wildlife, visual quality, native plants, noxious weeds, and socio-economics. Those individuals, organizations, and agencies with a known interest in the proposal have been sent a scoping letter requesting comments on the proposal. Persons wishing to be added to the mailing list for this EIS may do so by contacting Ted Davis. At this time there is no formal scoping meeting planned, though one could be scheduled if there is sufficient interest.

The comment period on the draft EIS will last 60 days from the date the U.S. EPA Notice of Availability appears in the **Federal Register** and EIS is expected to be available for review in August 1995. Because of recent court rulings, it is very important that those interested in the proposed action participate during the scoping and draft EIS review processes, so that any substantive comments are provided at a time when the BLM can meaningfully consider them.

**Ed Singleton,**  
District Manager.

### Exchange of Public Lands in Blaine County, Idaho; Realty Action

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Realty Action; Exchange of Public Lands in Blaine County, Idaho.

**SUMMARY:** The following described public lands have been determined to be suitable for disposal by exchange under Section 206 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1716:

T. 7 S., R. 26 E., B.M., Blaine County  
Sec. 20: ESE;  
Sec. 21: SW<sup>1</sup>/<sub>4</sub>;  
Sec. 28: NW<sup>1</sup>/<sub>4</sub>, SW<sup>1</sup>/<sub>4</sub>SW<sup>1</sup>/<sub>4</sub>;  
Sec. 29: E<sup>1</sup>/<sub>2</sub>NE<sup>1</sup>/<sub>4</sub>.

T. 8 S., R. 26 E., B.M., Blaine County  
Sec. 4: W<sup>1</sup>/<sub>2</sub>SW<sup>1</sup>/<sub>4</sub>  
Sec. 5: SE<sup>1</sup>/<sub>4</sub>SE<sup>1</sup>/<sub>4</sub>

The area described contains 640 acres, more or less.

In exchange for these lands, the United States will acquire the following described lands from Dale Klingler:

T. 7 S., R. 26 E., B.M., Blaine County  
Sec. 16: All.

The area described contains 640 acres, more or less.

**DATES:** The publication of this notice in the **Federal Register** will segregate the public lands described above to the extent that they will not be subject to appropriation under the public land laws, including the mining laws. As provided by the regulations of 43 CFR 2201.1(b), any subsequently tendered application, allowance of which is discretionary, shall not be accepted, shall not be considered as filed and shall be returned to the applicant. The segregative effect of this notice will terminate upon issuance of patent or in two years, whichever occurs first.

**ADDRESSES:** Detailed information concerning the exchange is available for review at the Burley District Office, 200 South Oakley Highway, Burley, Idaho 83318.

**SUPPLEMENTARY INFORMATION:** The purpose of the land exchange is to facilitate more efficient management of the public lands through consolidation of ownership and to benefit the public interest by obtaining important resource values. The public lands to be exchanged are isolated and difficult to manage parcels with limited resource values. The private lands being offered would significantly improve the land ownership pattern in the area and provide key access to a large block of public land. The exchange is consistent with the Bureau of Land Management land use plan for the area which is the Monument Resource Management Plan (approved February, 1986 and amended January, 1992). The public interest will be served by making this exchange.

The value of the lands to be exchanged has been determined through appraisal to be equal.

The exchange will be subject to:

1. All valid existing rights of record, including but not limited to, electric power distribution line rights-of-way, I-29552 and I-14412.

2. A reservation to the United States of a right-of-way for ditches and canals. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments to the Snake River Area Manager at the above address. Objections will be reviewed by the State Director who may sustain, vacate, or modify this realty action. In the absence of any objections, this realty action will become the final determination of the Department of the Interior.

Dated: January 24, 1995
